

TANK is now accepting public comment on a plan to simplify the fare structure.

Fare simplification was one of the non-service recommendations that came out of the Redesign Study.

Goal of fare simplification is to make the system easier to use and understand, to streamline the number of products that we offer, to encourage use of the app...all in a revenue neutral environment.

With the fare simplification proposal, TANK would have one cash fare for all services and would offer a limited number of pass products. The pass products offered would be priced at their full, convenience rate, and would not be discounted. The app would be the one place customers could use to pay for fare, purchase bulk rides and earn discounts and promotional rates.

FARE Simplification Proposal--

Cash Fare (all routes)	\$1.50
Reduced Cash Fare (all routes)	\$0.75
30-Day Pass (unlimited rides on any TANK route)	\$66.00
30-Day Reduced Pass	\$33.00
1-Day Pass (unlimited rides on any TANK route)	\$3.50
Metro/TANK (MT) 1-Day Pass (unlimited rides for one day on any TANK or Metro Zone 1 route)	\$5.00
Metro TANK (MT) 30-Day Pass (unlimited rides for 30 consecutive days on any TANK or Metro Zone 1 route)	\$110
TANK Transfer	Free transfers through the Transit App. No paper transfers on bus.
Metro-TANK Transfer	Use MT Day Pass or MT 30 day Pass. No transfers accepted.

Notes: Student fare, University pass programs, etc. would remain unchanged.

No other passes would be offered/sold.

TANK would use Transit app to offer promotional discounts, buy one get one offers, etc.
